

*Hotel Venezia Terme*  
2010

Surrounded by a wide park, in the centre of Abano Terme, the **Hotel VENEZIA Terme** offers **62 double rooms** and **48 single rooms**, complete with all comforts.

They are planned and furnished with respect for privacy and sleep quality: most of them are in a classic style and have a terrace.

Among these there are **11 junior and mini suites** characterized by a romantic style and **36 modern double rooms** which are mainly decorated in green, an energizing and vital colour.

The **restaurant** offers quality and a large selection: **cuisine** with attention paid to every detail, to preserve the flavours of Italian tradition. It offers a rich and tasty buffet, with an eye for the best international recipes.

In the hotel there are: **thermal water, well-being centre and beauty club**. At the Hotel Venezia you can feel, try, touch, discover new experiences to regenerate and regain inner harmony, which is a sign of well-being.

You can be healed by water and cured by mud, find new energy with the massages and new serenity with the wellness and beauty treatments.

The Hotel Venezia combines the physical well-being needs to the most fascinating tourist and cultural opportunities in the **Veneto Region**; sports and green are not left behind in our **Euganean Hills**.

This “house” is a hotel, and yet so different, not for its rooms or the lobby, which are of undisputed prestige, but rather for its atmosphere, a warm **hospitality** and motivated and professional staff who will welcome you.

## **ALL INCLUSIVE: art, sport and travelling!**

Tourists who are sensitive to quality of environment and hospitality chose the Veneto Region as their destination for the variety of its cultural heritage, comprehensiveness of opportunities and, not least, its optimum geographical location.

Abano and the Venezia Terme Hotel are an equidistant departure point from the most fascinating destinations in the **Veneto Region**, in a habitat away from urban congestion and crowds.

Abano Terme is in fact located in a natural environment of high quality: the **Euganean Hills** with its walled cities, the **Route of the Wine**, traditional and folkloristic events, extraordinary animals and plants.

Abano is only 11 kms from **Padova**: from its ancient squares, the Scrovegni Chapel with Giotto's frescoes and the art of the 14<sup>th</sup> century, its prestigious University, Saint Anthony's Cathedral, Prato della Valle, and the historical cafés which tell stories and cities of a people-friendly city.

The Venezia Terme Hotel is 40 kms from the blazing **Venezia** and the Palladio's villas in **Vicenza**, and one hour by car from **Verona** and its Arena.

Above all, our territory is devoted to sport and free time activities: **GOLF, TREKKING AND BIKING**. Swimming pools and horse rides, **bicycle paths**, and **Nordic walking tracks**: there are activities for all seasons and vitality for all ages!

**Prices of a room, Bed & Breakfast, starting from 47.00 Euros per person**

Fixed price 12 treatments	€ 535,00

The **Terme Euganee** area is blessed with bromidic iodic salt water of geothermal origin. The water's unique chemical composition and high temperature are determinant in the maturation of the mud and therefore on its therapeutic effectiveness. This process enriches the solid-clay component of mineral salts and allows the growth of special algae and micro-organisms.

The mud treatments have therapeutic effects through a local action which is anti inflammatory pain relieving, relaxing and revitalizing.

The resistance against pathogen agents is increased and the joints mobility benefit.

Not only phyto-biologic mud, but also water is included in the category of thermal treatments: bath in tubs and swimming pools, ozonized hydro-massage and Mother Water (Sea water with a rich mineral content) inhalation.

Our Thermae is included in the O.T.P monitoring performed by the University of Padova to check the maturation process and the mud quality.

Scientific research has confirmed the validity and uniqueness of our mud, awarding it with the European Patent.

Water and Earth: natural well-being at the Venezia Terme Hotel!
